TROOP 339 "HICKADOOLA"

NOVEMBER 2009

TROOP OUTDOOR PROGRAM

When the hikers arrived at the trail head to the 2.5 mile trail, everyone got ready for the hike. There were a few red faces on the way up the trail. Up at the campsite, the kids played by the stream. 2,650 miles. Phillip and Michael even tried to build a dam, or at least divert part of the stream. There were many happy faces on the way back. The trip to Lytle Creek was enjoyed by all.

Phillip M. – Troop Historian

THE BEST OF THINK AND GRIN

Jamie: My Algebra teacher confiscated my rubber-band gun today.

Stewart: Why did she do that?

Jamie: She said it was a "weapon of math disruption".

Submitted by :Jamie Stewart, Kennewick, Washington

SCOUT KNOWLEDGE

1. What the length of the Pacific Crest Trail?
2. On the right is a photo of a famous Scottish born environmentalist who explored, photographed and wrote about the California wilderness. He was also instrumental in establishing what is now our National Parks system. What is his name? (*Public Domain photo published before 1923 by Francis M. Fritz*)
3. How many National Parks does California have?

Answers are hidden in the articles.
